

**DEMOLITION PLAN NOTES**

- 01 PRIOR TO ANY DEMOLITION, EXAMINE ALL UTILITY LINES AS TO THEIR CURRENT FUNCTION. LEAVE ALL FUNCTIONING UTILITY NETWORKS IN-PLACE. REMOVE ALL INFRASTRUCTURE THAT CURRENTLY HAS NO FUNCTION. INSURE THAT ANY POTENTIAL POWER SOURCE IS SHUTDOWN AND ALL UTILITIES CAPPED/DISCONNECTED AND OTHERWISE IS ACCOMPLISHED PER CURRENT CODE. VERIFY WITH RICK STARKS- HVL MAINT. PRIOR TO REMOVAL.
- 02 ENTIRELY REMOVE ALL A-FRAMING STRUCTURE, LEAVING THE CMU WALL COMPLETELY IN-TACT FOR REUSE. CAREFULLY REMOVE ALL A-FRAMING CEILING/ROOF ELEMENTS SO NOT TO DISTURB THE FILTER ROOM EQUIPMENT AND UTILITY INFRASTRUCTURE.
- 03 ALL BLOCK WALLS THAT MAKE UP THE FILTER ROOM ARE TO REMAIN AS-IS. BLOCK WALL STRUCTURE TO BE EVALUATED FOR ITS STRUCTURAL INTEGRITY AS IT PERTAINS TO THE NEW DESIGN.
- 04 EXISTING CONFINES SHALL BE STRIPPED OF ALL MATERIAL THAT HAS POTENTIAL FOR REUSE OR HAS VALUE AS SALVAGE. BATHROOM PARTITIONS SHALL BE CAREFULLY UNINSTALLED AND STORED FOR POTENTIAL REUSE. ALL POWER AND PLUMBING LINES AND DEVICES SHALL BE TAKEN BACK TO THEIR ORIGINS AND CAPPED PER CODE. UPON COMPLETION OF SALVAGE EFFORTS, THE STRUCTURE SHALL BE COMPLETELY REMOVED FROM THE SITE, INCLUDING ALL WALLS, ROOFING AND FLOORING. ALL CONCRETE FLOORS AND WALLS SHALL BE PULVERIZED AND STOCK PILED OFF-SITE FOR REMOVAL PER RICK STARKS, (HVL MAINT.) DIRECTION.
- 05 COORDINATE WITH ARCHITECT AND HVL, THE LIMITS OF CONCRETE DECK DEMOLITION. IT IS ASSUMED THAT THE CONCRETE DECK SHALL BE SAWCUT AT A POINT 1' FROM THE EXISTING BUILDING LINE TO ALLOW ADEQUATE SPACE FOR DEMOLITION WORK.
- 06 EXISTING CONCRETE SIDEWALK TO BE REMOVED. DEMOLITION MATERIAL STORED OFF-SITE AS SPECIFIED BY RICK STARKS, HVL MAINT.
- 07 AS MUCH FENCING SHALL REMAIN AS-IS REASONABLE FOR DEMOLITION AND CONSTRUCTION PURPOSES. ALL FENCING REMOVED SHALL BE REMOVED CAREFULLY SO THE MATERIAL CAN BE SALVAGED FOR POTENTIAL REUSE. STORAGE OF REMOVED FENCING SHALL BE COORDINATED WITH RICK STARKS - HVL MAINT.
- 08 ALL CONCESSION STAND EQUIPMENT, COUNTERS AND CABINETS SHALL BE CAREFULLY REMOVED AND STORED PER MARK STARKS - HVL MAINT.
- 09 EXISTING CONCRETE SIDEWALK TO REMAIN.

**GENERAL DEMOLITION NOTES**

- 1 GENERAL CONTRACTOR TO ENSURE SECURITY TO AND FROM THE POOL AREA DURING CONSTRUCTION. TEMPORARY FENCING SHALL BE PURCHASED AND INSTALLED AS NECESSARY BY CONTRACTOR.
- 2 ALL FLOOR DRAINS, PLUMBING LINES, ELECTRICAL CONDUITS ETC. STUBBED UP FROM THE GROUND SHALL BE CAPPED AND/OR DISCONNECTED AS NECESSARY. DEMOLITION WORK ABOUT THESE ITEMS SHALL BE HANDLED WITH CAUTION UNTIL APPROPRIATELY UNINSTALLED.
